

# MOUNT MACEDON PRIMARY SCHOOL

## DIGITAL LEARNING POLICY

**Mount Macedon Primary School vision is to develop positive, independent, resilient and inquiring students who are ready for the future.**

### **Help for non-English speakers**

If you need help to understand the information in this policy please contact Mount Macedon Primary School on (03) 5426 1446.

## PURPOSE

To ensure that all students and members of our school community understand:

- our commitment to providing students with the opportunity to benefit from digital technologies to support and enhance learning and development at school including our 1-to-1 personal device program for Grade 5/6 students
- expected student behaviour when using digital technologies including the internet, social media, and digital devices (including computers, laptops, tablets)
- the school's commitment to promoting safe, responsible and discerning use of digital technologies, and educating students on appropriate responses to any dangers or threats to wellbeing that they may encounter when using the internet and digital technologies
- our school's policies and procedures for responding to inappropriate student behaviour on digital technologies and the internet
- the various Department policies on digital learning, including social media, that our school follows and implements when using digital technology
- our school prioritises the safety of students whilst they are using digital technologies

## SCOPE

This policy applies to all students and staff at Mount Macedon Primary School.

Staff use of technology is also governed by the following Department policies:

- [Acceptable Use Policy for ICT Resources](#)
- [Cybersafety and Responsible Use of Digital Technologies](#)
- [Digital Learning in Schools](#) and
- [Social Media Use to Support Student Learning](#).

Staff, volunteers and school councillors also need to adhere to codes of conduct relevant to their respective roles. These codes include:

- Mount Macedon Primary School’s Child Safety Code of Conduct
- [The Victorian Teaching Profession Code of Conduct](#) (teaching staff)
- [Code of Conduct for Victorian Sector Employees](#) (staff)
- [Code of Conduct for Directors of Victorian Public Entities](#) (school councillors)

## DEFINITIONS

For the purpose of this policy, “digital technologies” are defined as digital devices, tools, applications and systems that students and teachers use for learning and teaching; this includes Department-provided software and locally sourced devices, tools and systems.

## POLICY

### Vision for digital learning at our school

The use of digital technologies is a mandated component of the Victorian Curriculum F-10.

Safe and appropriate use of digital technologies, including the internet, apps, computers and tablets, can provide students with rich opportunities to support learning and development in a range of ways.

Through increased access to digital technologies, students can benefit from learning that is interactive, collaborative, personalised, engaging and transformative. Digital technologies enable our students to interact with and create high quality content, resources and tools. It also enables personalised learning tailored to students’ particular needs and interests and transforms assessment, reporting and feedback, driving new forms of collaboration and communication.

Mount Macedon Primary School believes that the use of digital technologies at school allows the development of valuable skills and knowledge and prepares students to thrive in our globalised and inter-connected world. Our school’s vision is to empower students to use digital technologies safely and appropriately to reach their personal best and fully equip them to contribute positively to society as happy, healthy young adults.

### Personal Devices at Mount Macedon Primary School

Students will not bring personal devices to school. The school agrees to provide state of the art technology to our senior students and in return, parents will lease these for student use at home.

### Safe and appropriate use of digital technologies

Digital technologies, if not used appropriately, may present risks to users’ safety or wellbeing. At Mount Macedon Primary School, we are committed to educating all students to use digital technologies safely, equipping students with the skills and knowledge to navigate the digital world.

At Mount Macedon Primary School, we:

- use online sites and digital tools that support students’ learning, and focus our use of digital technologies on being learning-centred
- use digital technologies in the classroom for specific purpose with targeted educational or developmental aims
- supervise and support students using digital technologies for their schoolwork
- effectively and responsively address any issues or incidents that have the potential to impact on the wellbeing of our students

- have programs in place to educate our students to be safe, responsible and discerning users of digital technologies, including [insert details of specific programs]
- educate our students about digital issues such as privacy, intellectual property and copyright, and the importance of maintaining their own privacy and security online
- actively educate and remind students of our *Student Engagement* policy that outlines our School's values and expected student behaviour, including online behaviours
- have an Acceptable Use Agreement outlining the expectations of students when using digital technologies for their schoolwork
- use clear protocols and procedures to protect students working in online spaces, which includes reviewing the safety and appropriateness of online tools and communities and removing offensive content at the earliest opportunity
- educate our students on appropriate responses to any dangers or threats to wellbeing that they may encounter when using the internet and other digital technologies
- provide a filtered internet service at school to block access to inappropriate content
- refer suspected illegal online acts to the relevant law enforcement authority for investigation
- support parents and carers to understand the safe and responsible use of digital technologies and the strategies that can be implemented at home through regular updates in our newsletter, information sheets, website/school portal and information sessions.

Distribution of school owned devices to students and personal student use of digital technologies at school will only be permitted where students and their parents/carers have completed a signed Acceptable Use Agreement.

It is the responsibility of all students to protect their own password and not divulge it to another person. If a student or staff member knows or suspects an account has been used by another person, the account holder must notify [insert relevant role/s, i.e. classroom teacher, the administration], immediately.

All messages created, sent or retrieved on the school's network are the property of the school. The school reserves the right to access and monitor all messages and files on the computer system, as necessary and appropriate. Communications including text and images may be required to be disclosed to law enforcement and other third parties without the consent of the sender.

Information on supervision arrangements for students engaging in digital learning activities is available in our Yard Duty and Supervision Policy.

### Social media use

Our school follows the Department's policy on [Social Media Use to Support Learning](#) to ensure social media is used safely and appropriately in student learning and to ensure appropriate parent notification occurs or, where required, consent is sought. Where the student activity is visible to the public, it requires consent.

In accordance with the Department's policy on social media, staff will not 'friend' or 'follow' a student on a personal social media account, or accept a 'friend' request from a student using a personal social media account unless it is objectively appropriate, for example where the student is also a family member of the staff.

If a staff member of our school becomes aware that a student at the school is 'following' them on a personal social media account, Department policy requires the staff member to ask the student to 'unfollow' them, and to notify the school and/or parent or carer if the student does not do so.

## Student behavioural expectations

When using digital technologies, students are expected to behave in a way that is consistent with Mount Macedon Primary School's *Statement of Values, Student Wellbeing and Engagement* policy, and *Bullying Prevention* policy.

When a student acts in breach of the behaviour standards of our school community (including cyberbullying, using digital technologies to harass, threaten or intimidate, or viewing/posting/sharing of inappropriate or unlawful content), Mount Macedon Primary School will institute a staged response, consistent with our student engagement and behaviour policies.

Breaches of this policy by students can result in a number of consequences which will depend on the severity of the breach and the context of the situation. This includes:

- removal of network access privileges
- removal of email privileges
- removal of internet access privileges
- removal of printing privileges
- other consequences as outlined in the school's *Student Wellbeing and Engagement* and *Bullying Prevention* policies.

## COMMUNICATION

This policy will be communicated to our school community in the following ways:

- Available publicly on our school's website [or insert other online parent/carer/student communication platform]
- Included in staff induction and child safety training processes
- Discussed at staff briefings/meetings as required
- Included in our staff handbook/manual
- Discussed at parent information nights/sessions
- Included in student diaries so that it is easily accessible to parents, carers and students
- Included in transition and enrolment packs
- Included as annual reference in school newsletter
- Discussed at student forums/through communication tools
- Made available in hard copy from school administration upon request

## ANNEXURE A: ACCEPTABLE USE AGREEMENT

### Acceptable Use Agreement

# 2024 Netbook User Agreement

#### *Part A– The agreement to be signed by the student*

**When I use technology, both at school and at home I have responsibilities and rules to follow. I agree to:**

- be a safe user whenever and wherever I use that technology.
- be responsible whenever and wherever I use technology and support others by being respectful in how I talk to and work with them and never write or participate in online bullying. This includes forwarding messages and supporting others in harmful, inappropriate or hurtful online behaviour.
- report to an adult if I feel unsafe or uncomfortable online or see a friend being unsafe or being made to feel uncomfortable by others.

#### **When at home I agree to:**

- behave in a way outlined in the schools' Code of Conduct when online or using mobile technology
- not access **any** social media sites e.g. Facebook, Snapchat, Instagram, Google Hangout.etc
- keep myself and my friends safe by not giving out personal details including full names, telephone numbers, addresses and images and protecting my password
- use the technology for learning, use the equipment properly and not interfere with the work or data of another student
- not download unauthorised programs or files and respect intellectual property by not publishing someone's work as my own
- not go looking for rude or offensive sites
- use an 'online name' and avatar when sharing my work online.
- remember that the content on the web is someone's property and ask my teacher / parent to help me get permission if I want to use information or pictures
- think carefully about what I read on the Internet, question if it is from a reliable source and use the information to help me answer any questions (I should not copy and paste the information as my answer).
- talk to my teacher or another adult if:
  - I need help online
  - I am not sure what I should be doing on the internet
  - I come across sites which are not suitable
  - someone writes something I don't like, or makes me and my friends feel uncomfortable or asks me to provide information that I know is private
  - I feel that the welfare of other students at the school are being threatened

#### **When I use a netbook, iPad or other mobile device at school I agree to:**

- use it as requested for learning purposes as directed by my teacher
- be responsible in my use and not use the device to find, create or send information that might be harmful, inappropriate or hurtful to me or anyone else.

**When using a mobile device as a camera I will:**

- only take photos and record sound or video when it is part of a class or lesson
- seek permission from individuals involved PRIOR to taking photos, recording sound or videoing them (including teachers)
- seek written permission from individuals involved PRIOR to publishing or sending photos, recorded sound or video to anyone else or to any online space
- be respectful in how I talk to and work with others online and never write or participate in online bullying
- seek teacher permission before uploading any content to websites, blog etc

I acknowledge and agree to follow these rules. I understand that my access to the Internet and mobile technology at school will be renegotiated if I do not act responsibly.
